**Behringer
(general
brand page)**

An innovative leader in the music industry, and one that we proudly carry at SoundsDistribution, Behringer is more than a brand, it's a tradition. It all started with one man's desire to promote musical dreams coming true. Named after the founder, this best-selling music supplier started out as a struggling artist in 1989; driven to build his own products because he couldn't afford professional equipment. Word of Behringer's craftsmanship spread and providing his friends with top quality instruments for less evolved into a business that strives to combine affordable pricing with professional quality, so that everyone can enjoy the creativity of making beautiful music. Today Behringer equipment is a musician's dream, providing reliable and renowned innovations like electronic drum sets, amps and synthesizers, as well as top of the line DJ equipment and accessories. We carry popular items that will change your musical life, like a Behringer mixer, pedals or a Behringer Neutron: an analog synthesizer that will help you create monophonic tones in a heartbeat. The Behringer equipment you'll find on SoundsDistribution.com cater mostly to people who work in recording, broadcasting, live portable sound or as a DJ, but with prices that can make anyone's musical dreams attainable. Check out the selection of products at Sounds Distribution and walk away with your very own Behringer today.
