PROFILE

I love creating resources to put in students' hands, and my educational background gives me a unique perspective on data-driven curriculum needs. Combined with my design and UX skills, I can beautifully combine quality content with interactive elements, including social-emotional learning.

SKILLS

Design: Adobe Creative Suite, Google Suite

Education: Canvas, Blackboard, Powerschool

IN PROGRESS

Google's UX Foundations of Design

WORK EXPERIENCE

MATH INTERVENTION SPECIALIST

Paul B. Cooper Elementary Aug 2022 - Present

- Interpret data to create adaptive lessons to fill student needs
- Teach one-on-one to supplement for gaps in prerequisite skills
- Support core lessons with grade-level tech-integrated lessons

KINDERGARTEN TEACHER

Belle Plaine Elementary Aug 2012 - May 2020

- Created scope, sequence, and pacing guide for custom curriculum development
- Conducted targeted one-on-one intervention, effectively integrated technology at developmentally appropriate levels
- Provided technology support and training for peer teachers
- Served on building leadership team + district tech team + district trauma team; excelled in strategic planning, problem solving, and communication

GRAPHIC DESIGNER

A Different Direction May 2007 - Aug 2011

- Modeled expertise in typography and apparel design
- Determined layouts for online marketing campaigns
- Utilized Adobe Creative Suite to maintain branding and product

YEARBOOK DESIGN EDITOR

Harding University Aug 2006 - May 2007

- Created consistent yearbook theme and carried throughout
- Coordinated workflow and managed team of designers
- Managed deadlines to meet contracted agreements

ACCOUNT EXECUTIVE

Stone Ward Advertising Aug 2005 - May 2006

- Managed client budgets
- Responsible for communicating art, marketing, and advertising services to clients
- Kept track of advertising plan and meeting deadlines
