# CCTV Installation at the 62 Naivas Supermarket Branches Countrywide

# Client Feedback

“Hi, I just wanted to let you know that the new cameras you put up for Maranda School last October have been performing admirably. We've used them the whole term and they've always worked well. The Board of directors is really pleased. Thank you very much!” **Maranda School Deputy Principal.**

# Testimonials

“I installed their cameras today. I must say their performance is stunning. They produce photos that are crisp and clear. Both day and night viewing options are available, colored even!! I'll be getting some more for my house, as well as some dome cameras for the office. Eyewatch Ventures has been fantastic in terms of assistance. I've eventually found a business I can trust. Thank you very much!!” **Whiskey River Lounge Administrator**

# Testimonials

“I've been in business for about 31 years now. I can honestly state that I have never worked with a company that is as trustworthy and helpful as Eyewatch Ventures. They are always courteous and patient. They are known for their high-quality items. I don't see why I should use anyone else for future CCTV needs. I have no reservations in giving it five stars.” **Naivas Supermarket General Manager**
