Hi Sarah,

It's surreal to think another awards season is upon us, and even more so to think that our recent **Frankly Spoken Productions** ventures have been recognized at the highest levels of their craft.

Drum roll, please...

We're thrilled to announce that our short film, *Metamorphosis the Musical* is a Webby Award nominee in the Arts and Experimental category—and you can vote for us in the **30th Annual Webby People's Voice Award**! As producers, we're forever grateful to have creative partners like **Sockz Studio**, who so seamlessly blend nostalgia, found-object art, humor and whimsy to bring this story to life.

You can help us win the People's Voice Award by casting your vote through **Thursday, April 16th**. Winners will be announced on **Tuesday, April 21st**.

VOTE FOR US

Mama, we made it!

And on the stage, our very own hairy Hulk, *Bigfoot! A New Musical* has been nominated for the **41st Annual Lucille Lortel Award*** for **Outstanding Musical!** Heading into our final weeks, we can't begin to express our gratitude for our *Bigfoot!* family—big love to **Benson Drive Productions** for welcoming us onto this project with open, furry arms. Winners will be announced on **Sunday, May 3rd**. Until then, come see us in Muddirt before our **final performance** on **Sunday, April 26th!**

*The Lortel Awards are like the Tony Awards, but for new Off- and Off-Off-Broadway productions.

Continue to use promo code **CLASSACT20** for 20% off tickets!

Keep your fingers and toes crossed for us, and keep the good vibes coming! More soon!

Cheers,

Ryan & Kundel
