Finally, a Gluten-Free Subscription Box For Us!

If you've dreamed of a dedicated gluten-free subscription box, look no further than Love Me Gluten Free, an exciting new subscription box exclusively curated for the celiac disease and gluten intolerance communities.

We chatted with Love Me Gluten Free founder Jenny Levine Finke to learn more about her new venture.

How Did You Come Up With the Idea For a Gluten-Free Subscription Box?

Last year, a snack box that had a gluten-free "option" sent products containing gluten to its subscribers two months in a row! I had recommended this subscription box, and I got an earful from my community when it happened.

This was devastating to me. Imagine getting a "gluten-free" box of goodies, thinking everything was safe, and, gasp!, there's gluten in there.

But their carelessness inspired me to create a dedicated gluten-free box my community could trust with their eyes closed. They can rip into anything in the box and know it's celiac-safe.

How Do You Choose Products to Include in Each Box?

Each month's box has a different theme. The theme might be seasonal or fun, like my Love From Colorado box, which included brands based in my home state, including Canyon Bakehouse, 34° Crisps, and Justin's.

Brands send me products all the time to sample. It's fun to discover new products and brands, and I want to bring such "discovery" opportunities to my community.

What's Inside Each Box?

Every box is a surprise, but in general, you'll find 8–10 full or single-serve size items plus a special mystery gift to make you feel special just because you're gluten-free!

What really sets Love Me Gluten Free apart from other snack boxes is that you'll find more than just snacks inside. I've included loaves of bread, baking mixes, breadcrumbs, pasta, and portable meals in addition to cookies, crackers, and chips.

The unboxing experience is exhilarating, and I put a lot of love and care into each box!

Why Are You Doing This??

It's a labor of love and I have many reasons for doing it. I'll share three of the main reasons:

(1) I know that the gluten-free lifestyle can feel depressing and isolating at times. I wanted to create an uplifting and positive experience for the gluten-free community.

(2) I love discovering new brands and products, and I'm finding others enjoy that, too.

(3) I also want to support the brands that support our community. I help get their tasty products directly into the homes of gluten-free eaters who then touch, feel, and taste their products.
