TOP TIPS

DIAMOND DELIGHT

If you want to boost your bling, pavé is the way to go. The clusters of small stones mean light bounces everywhere, creating a truly showstopping shine.

LIGHT FANTASTIC

Sparkle without breaking the bank with diamanté and cubic zirconia – both of these stunning stones provide all the glitz and glamour of diamonds at a fraction of the cost – no one will ever know.

GO OTT

If there was ever a time to go overboard on sparkle, it's your wedding day. Adorn your wrists with glittering cuffs and twinkling bracelets, and layer up on midi rings for a shining style that even magpies will envy.

MAKE A STATEMENT

Strapless gowns look out of this world with bold necklaces; think neck furniture dripping with drop diamonds.
