

Global Payins

Simplify fund collection across the globe

As a global business, managing the collection of funds from customers can be overwhelming & complicated.

Buckzy's multi-currency fund collection solution makes managing your money across the globe easier than ever.

Buckzy's Global Payins account enables you to minimize FX costs, collect funds from vendors, suppliers and customers across the globe, & move money between currencies as needed.

Using Global Payins, you can:

- Receive money from suppliers in their local currency
- Open up to 4 local currency accounts for free
- Collect funds from international customers & e-commerce marketplaces
- Move money between accounts 24 x 7
- Easily track and monitor all your Buckzy currency accounts in one place

Buckzy's Global Payins can support you in:

Getting to market faster

Simple signup process without the need to establish a business presence in the operating country

Saving money with transparent terms

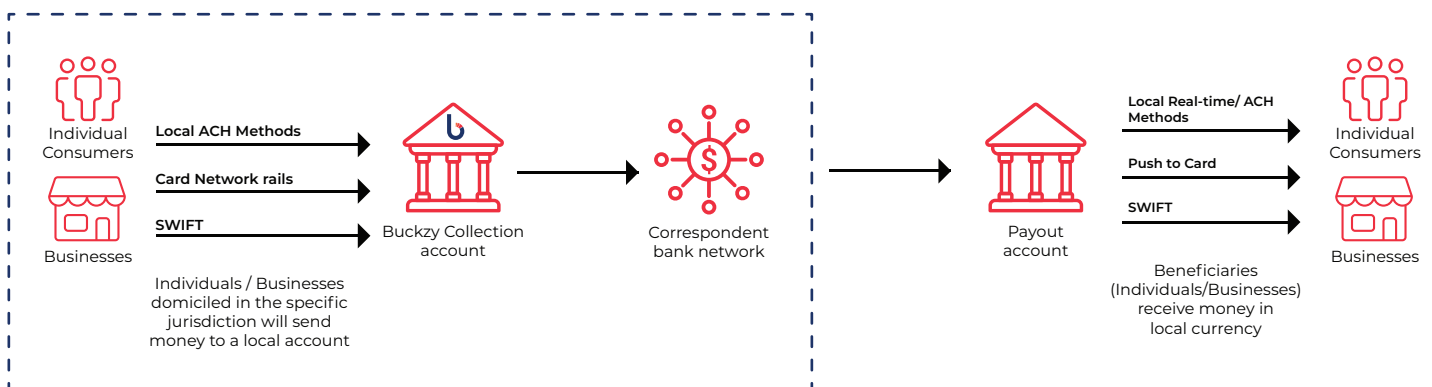

No annual fees, deposit requirements, or minimum transaction levels

Managing your money with ease

Live exchange rates across multiple currencies help you book and manage FX deals, minimizing costs quickly

How payins work:
