## About Us

Seaside View was named after just that. A view of the seaside, on one of the longest coastlines in the world, in Mozambique.

If seafood is your thing, you won't want to go anywhere else.

At Seaside View we break away from what was already being offered and give you a unique twist on it, a Mozambique one.

Mozambique used to be a colony of Portugal. And with every dish we prepare, we incorporate those strong Portuguese influences. Always with fresh, quality ingredients.
