In the digital age, we all have tons of photos we've taken on our smartphones or digital cameras. With our society being so visually stimulated, it's only natural that we want these images to surround us. With this in mind, Limitless Wall murals make perfect sense. If you want to create your own personalized look in your home or office, then check out our Custom Mural (<https://www.limitlesswalls.com/customized-image-upload-wall-mural.html>) options. We can take your favorite photos and turn them into dazzling wall decorations suitable for any room.

Perhaps you can't decide on just one photo, or maybe want to use several images for a theme. A photo collage is a perfect solution for you. There are tons of photo collage wallpaper makers online. Depending on your skill, budget, and photo formats, you can find many suggestions and how-tos on photo collage v

Phototastic Collage

Platform: Windows 10, Windows Phone

Developer: Thumbmunkeys, Ltd.

Price: Free, (Premium version \$4.99)

YES, VIEW MY CODE

There's a neat little program that can be found in the Microsoft Store for Windows 10 that pretty much does the trick for a photo collage wallpaper maker. *Phototastic Collage*

NO THANKS.

(<https://thumbmunkeys.com/Phototastic-Collage.html>) offers a free version that will allow you to create an 1800 x 1800 96 dpi image. The free version allows up to 4 pictures in a collage but still has quite a few photo layouts. The premium version has a maximum of 25 photos for collages. Their paid version offers 4000 x 4000 resolution plus a load of additional features, templates, etc. The premium version also removes the ads. A nice little bonus for both free and premium version is the addition of easy social media sharing.

Collagelt

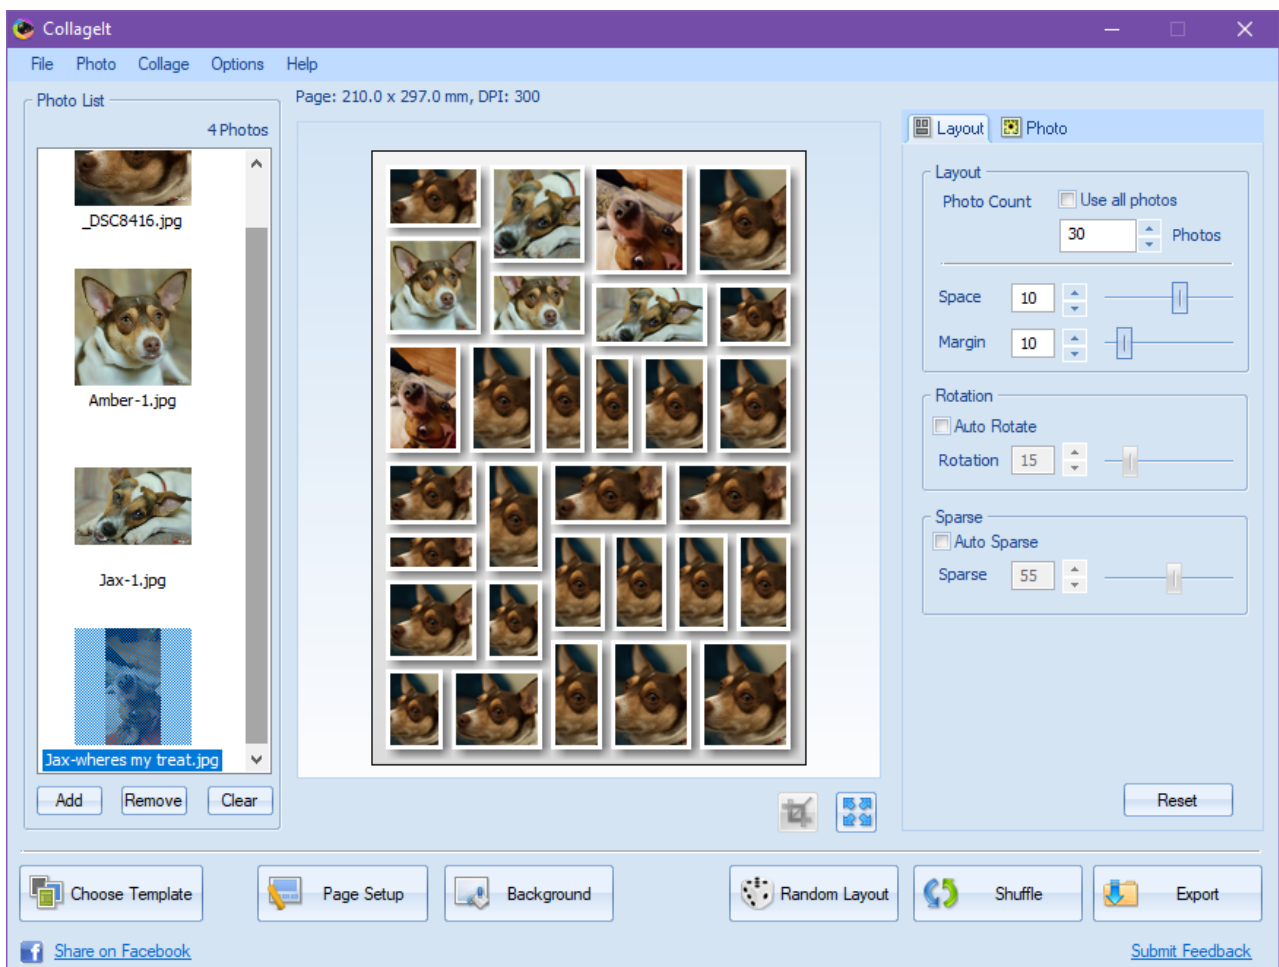

Platform: iOS, Mac, Windows

Developer: Pearl Mountain

Price: Free (Pro version \$29.90)

Another entry for both Mac and Windows-based systems is Collagelt (<https://www.collageitfree.com>). It's pretty simple to use, and the interface is intuitive. A nice feature is the drag and dropping of photos. If you don't like the layout, you can do a simple click of the **Random Layout** button for a quick setup of your collage. The free version adds a watermark and is limited to creating images no larger than 2000 x 2000. You also cannot crop photos in the free version. The pro version allows for a whopping 12000 x 12000 sized collage. Great for high-quality images.
