

# Campaign Email: Local Election 1

## **Subject Line: [FIRST.NAME], Keep Temple Terrace an Amazing City!**

Hello [FIRST.NAME],

Let me tell you what I see around town.

Temple Terrace has always been a great place to live, and it is only getting better. Our city has had so much growth and progress since I moved here in 1968, but the work we are doing now on the City's downtown redevelopment is taking Temple Terrace to the next level.

I have spent the last four years working as a City Council member, but my record of service to the City of Temple Terrace goes back more than 40 years. I would like the privilege of serving you for another four-year term on City Council.

Over the next four years, I want to see us continue moving forward as a community. I'll use my dedication and leadership, along with the

experience I have gained over decades of serving the citizens of Temple Terrace, to help make that happen. Will you give me that chance again?

Each day between now and November 6th, the Temple Terrace Library will be open for Early Voting from 7AM - 7PM. I stopped by a few times this week, and the line is short right now. It's a convenient way to mark voting off your to-do list and save some time.

I would greatly appreciate your vote!

Together, we will continue the City's forward momentum.

Sincerely,  
Council Member *[candidate]*
