

Imagine having your next trip planned and organized within seconds

# Introducing Trip Planner, your personal assistant for stress-free travel planning!

Trip Planner is a new app that organizes all your trip details and reservations in one place

1 Download the Trip Planner App

2 Fill out a short questionnaire

3 Trip Planner will take care of the rest!

Free with in-app purchases

## Books your Flights

Compares the flights from various airlines to and from your destination on the dates you choose, saving you valuable time.

## Finds your Accommodations

Locates accommodations based on your preferred location, budget, and style. From campgrounds to the most luxurious hotels, we've got you covered.

LET'S GO

ADVENTURE

## Suggests Activities

Recommends the best **excursions, must-see sights,** and **day trips** tailored to your interests. Uncover hidden gems and popular attractions you won't want to miss.

## Fully Customizable

Allows you to update and customize your plan as you please. If you think of something you want to add at the last minute or if your plans change during your trip, you can adjust it as you go.

## Sends You Reminders

You will receive reminders for all upcoming activities leading up to and throughout your trip, so you won't miss a thing!

## Creates Your Packing List

Creates a curated packing list for the items you'll need for your specific destination so you'll be sure to arrive with all the essentials.

Trip Planner is made for all travellers.

Are you ready to plan your next trip in just a few simple steps?

Download Trip Planner to get started!

## What our users are saying

I love Trip Planner! This was the first time I was able to book and plan a trip so quickly!

This app is so easy to use. I had my teenager plan our last trip and it was one of the best trips we've been on!

I'm so glad I found this app. As a frequent traveller, having everything in one place is a game changer.
