## Thanks for supporting Skritter!

Happy New Year, Skritizens!

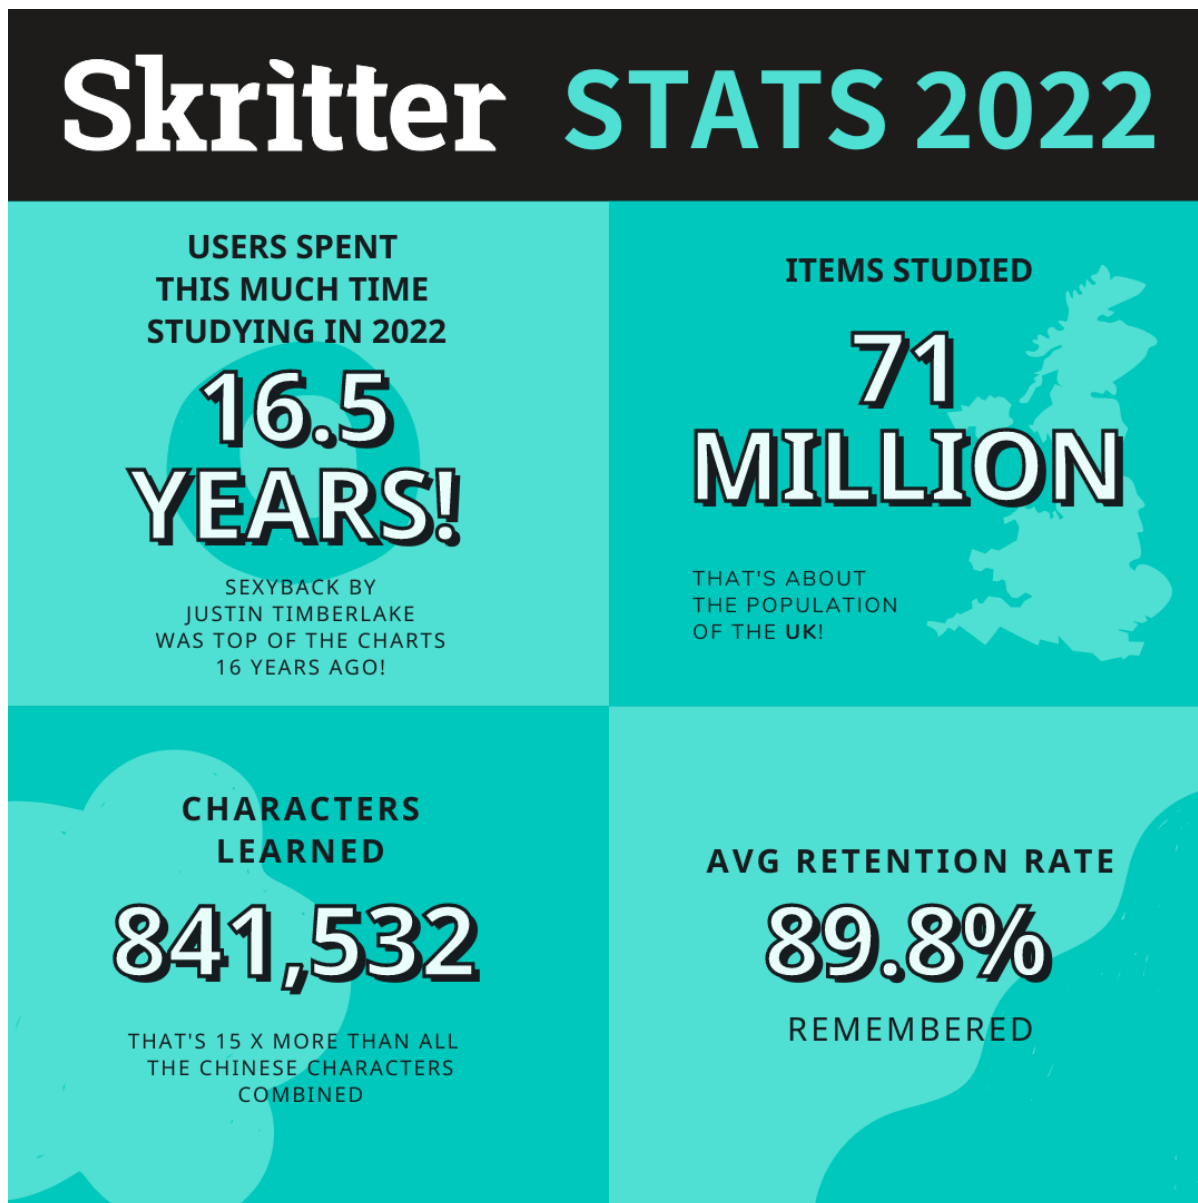

As a token of appreciation, we have created a New Year's bundle for you. This bundle includes:

- Character writing grids in 3 different sizes
- A digital calendar featuring various Chengyu
- Wallpapers for phones and tablets

Everything in the bundle was designed for you by Skritter team member Iona. You can access the content [here](#). If you want to download everything at once, you can click the Bundle.zip file.

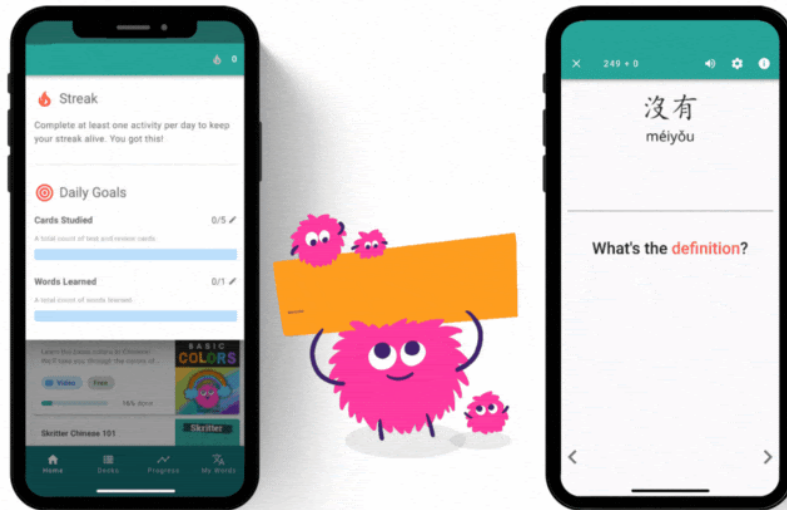

Skritizens, strong work in 2022! Our community is filled with committed language learners and our yearly stats did not disappoint. The time we spent studying on Skritter this year added up to 16.5 years ✨ You can take a look at some other interesting yearly stats below.

Now that we have reflected on 2022, let's set some manageable Skritter goals for the new year. Learning a couple of words a day may not seem like much today, but those new words will quickly compound throughout the year. We encourage you to take a moment to open the app and set a daily goal for 2023.

# SET SOME GOALS FOR THE NEW YEAR

We thank you again for all your support in 2022 and we look forward to helping you continue to reach your language goals in the new year. If you have any questions or feedback, let us know at [team@skritter.com](mailto:team@skritter.com). Happy studies!
