## Experience a linguistic journey in China.

Dear Skritizens,

Do you dream of immersing yourself in the Chinese language? Do you imagine yourself eating local cuisines, sipping on freshly picked tea, and putting your Mandarin to practice with native speakers?

While Skritter doesn't offer this type of experience, our friends at GoEast do! GoEast, a language school based in Shanghai, is reopening its China Quest program this year.

We want to share this opportunity with you, because we know first-hand how these types of programs can enrich your studies and life, providing an educational experience that can lead to personal growth and new opportunities.

You can choose between three different quests that vary in price, but every program will allow you to visit China, elevate your Mandarin, experience a rich culture, and live like a local.

GoEast is hosting upcoming programs in July and August, so if you want to participate, we recommend starting the process now since you'll need to apply for an X2 visa.

You can learn more about the program and sign up [here](#). Make sure to mention SKRITTER2023 in the "Your Message" section when filling out the inquiry on the [GoEast page](#).
