In this 45-minute session, a Senior Pet Advisor will assess:

Comfort

Our pain assessment will provide tips on how to manage or minimize pain.

Environment

We'll make practical recommendations to help your pet be comfortable at home.

Nutrition

We'll provide nutritional guidance to help support a healthy weight.

The advisor, a trained veterinary technician, will also take time to address any questions or concerns you may have. And as your partners in care, we'll update your Banfield vet after the session on your wishes and goals for your senior pet.

Your partners in care

Virtual quality of life consultations are brought to you through Banfield's partnership with BluePearl Pet Hospice.

BluePearl Pet Hospice's Senior Pet Advisors are veterinary technicians with training in assessing senior pet quality of life and health needs.
