Early Childhood Education

Title of Lesson: Apples on a tree

Date of Lesson: _____

Learning Goals:

- students will be able to differentiate between colors
- students will be able to count to at least 5

Learning Objectives (of the lesson):

- **students will move an apple from a tree to the correct color "bin"**
- **students will count how many apples are in each bin.**

Materials & Equipment Needed:

- laminated paper tree with apples
- laminated apple bins

Introduction:

- Talk about what kind of tree they see and what colors they see.

Procedures:

- talk about what they see
- take turns moving the apples into the correct colored bin
- count together with how many apples are now in each bin

Evaluation/Assessment:

- I will watch to see if they know which apple goes in what bin and how easily they know which number comes next while counting.
