

EMELIE DAVIES

JUNIOR GRAPHIC DESIGNER

PROFILE

I am a supportive and dependable team player with an ambitious attitude. I have acquired fantastic listening and communication skills over the past years as both a student and employee. Due to my creative personality, I have an eye for design and a passion for technology, graphic design, and digital media. I enjoy creating my own digital art as well as utilising social media. I am more than happy to undertake any further training necessary to develop and build on my existing skills, ability and confidence. Being accepted for a job in the digital industry will give me the opportunity to truly explore the world of work, meet the people working in this industry and allow me to develop my confidence as well as new skills and abilities.
