"Ann-Katrin loves sleep!
She is chilled. Her
distribution in goal is
awesome and some of her
saves... I don't understand
how a female has done
that at this level."

She loves baking. If you
see her Instagram, some
of her stories are very
funny. She's always
having a laugh."

"A lovely girl. She's a
young player coming
through and I like that
she just gets stuck
into things."

**KADEISHA

AGE 27
@keishaballa
@keishaballa
"Kadeisha is very laid
back, probably even more
than me. When she's
defending 1v1, not many
players will get past her,
and she can pick out
some great passes."

me in the dressing room,
so we get on really well.
A leader, we miss her
obviously when she's
not on the pitch."

"She can play a number
of positions at a very high
level. It's not like she's
just chucked somewhere,
and she can do half the
jobs; she's very good in
the positions she plays."

**MAGDALENA

AGE 29
@MagdaEricsson

"A natural leader. She's
probably the sore loser
of the team. She never
wants to lose, which is
obviously a great trait
because if you're at this
club you want to win."

**ALSU

AGE 22

"Alsu is the sweetest girl.
She always has a smile

happy. Her English has
got really good now, so
we can always have a
good conversation."

goes about her business,

competing against the
likes of Millie Bright, and
she won't hold back."
