### H1 - Local Contractor, All States Mechanical Gives Back

Assisting new and growing businesses across Utah and the country is important to A Net Together, LLC, but it doesn't stop there. We also believe in giving back to the world in ways that are important to us. In partnership with All States Mechanical, LLC, we've worked through Stewfano Home of Open Hearts to provide a quality education to children and teens in Puerto Peñasco, Mexico.

A quality education is the first step to breaking the cycle of poverty. That's why Stewfano is dedicated to help children in financial strain pay for high school. Without this help, these bright children will never have the opportunity to go high school and pursue higher paying jobs.

Stewfano has already helped thousands of children and families, 50 of these bright kids have been given scholarships to attend high school over the last few years. However, we can't do it alone. Through the Stewfano and A Net Together partnership, it is our current mission to create a dedicated support team for each child at the Home of Open Hearts.

### H2 - Partnership Changes Lives

Though All States Mechanical is known throughout the Salt Lake City, Utah area for top quality plumbing and HVAC services, they aren't just talented mechanical contractors. To the special kids at Stewfano, they're guardians and helpers. Thanks to our partnership with All States Mechanical, we have been able to give not one but three kids the jumpstart they deserve to a bright future!

H3 - Barbara Maleni Melendez Arias – Multi-instrumentalist, avid reader, artist, and chemistry lover, 14-year-old Barbara is a bright young lady with big dreams. Despite her father's recent death, she still helps her mother and seven brothers while going to school where she dreams of being a pediatrician one day.

H3 - Jesus Julian Gastelum Arredondo – At 15, Jesus is a typical teenager who loves playing football. After growing up in beautiful Puerto Peñasco on the ocean, he has big goals of becoming a marine biologist and studying the wildlife in the area.

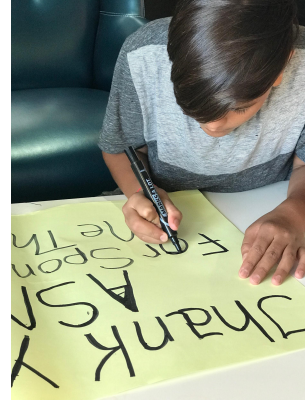

H3 - Adan Guadalupe Osorio Martinez – Due to a tragedy at a young age, Adan's right leg was amputated and later received prosthesis. Now at 16, Adan wants to become a plastic surgeon and people feel good about themselves after experiences like his.
