

Title - Beehive Plumbing's Generous Sponsorship - A Net Together

Meta Description - Salt Lake City business Beehive Plumbing has generously sponsored a bright young student through Stewfano Home of Open Hearts. Learn more here.

H1 - Another Student Achieves With Help from Beehive Plumbing

The team at Beehive Plumbing knows quality repairs and installations are not the only way to make the world a better place. In partnership with Stewfano Home of Open Hearts, Beehive Plumbing is helping to break the cycle of poverty in Puerto Penasco, Mexico.

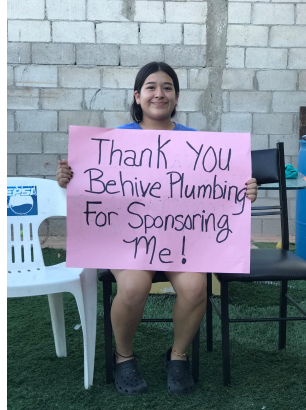

Also called, "Arizona's Beach," Puerto Penasco is a tourism hotspot for many Americans. Despite the money flowing into hotels and other attractions, many local families work in the service industry and remain in poverty. Furthermore, secondary education in Mexico costs hundreds of dollars a year, making it difficult for many children to go beyond elementary school. It's organizations like Beehive Plumbing and Stewfano that make it possible for underprivileged children to go to high school and escape poverty.

H2 - Breaking Poverty Through Educational Sponsorship

With the help of Beehive Plumbing, 15-year-old Paloma Orozco Villegas is closer to her dreams of becoming a forensic scientist or criminologist. Thanks to their generosity, she has been able to attend a quality school, participate in band, and study her favorite literature. In an area like hers, a quality education is the ticket to a better life for Paloma, her single mother, and her sisters.
