To whom it may concern,

I am writing to express my interest in an educational leadership position within your organization. With over a decade of progressive leadership experience in public education and a Doctor of Education in Educational Leadership, I have dedicated my career to improving student achievement, developing high-performing teams, and creating positive school cultures where students and staff thrive.

As Principal of BridgePrep Academy Hollywood Hills, I have led comprehensive school improvement efforts that resulted in the school earning a Florida school grade of **“B” for two consecutive years**, demonstrating sustained academic growth and organizational excellence. Previously, while serving as Principal of BridgePrep Academy Broward K-8, I successfully led the school to achieve an **“A” school grade for two consecutive years**, reflecting a commitment to instructional excellence, strategic planning, and continuous improvement.

Throughout my career, I have successfully supervised instructional and operational programs, managed school budgets, analyzed student achievement data, implemented evidence-based instructional practices, and developed systems that promote accountability and student success. I believe that effective leadership is built on collaboration, transparency, and empowering educators to reach their highest potential. I take pride in fostering strong relationships with teachers, families, district personnel, and community stakeholders to ensure every decision is centered on student success.

My experience spans curriculum and instruction, school operations, strategic planning, staff development, compliance, school safety, and continuous school improvement. I have extensive experience leading data-driven instructional initiatives, mentoring teachers and instructional leaders, supporting multilingual learners and students with diverse learning needs, and implementing systems that improve both academic outcomes and organizational effectiveness.

I am excited about the opportunity to contribute my leadership experience, collaborative approach, and passion for educational excellence to your organization. I am confident that my proven record of improving school performance, building high-performing teams, and leading sustainable change would make me a valuable asset to your leadership team.

Thank you for your time and consideration. I welcome the opportunity to discuss how my experience and vision align with your organization’s goals. I look forward to speaking with you.

Sincerely,

Dr. Yaimy Siboret
