

# **Yefet Delicatessen | About Us**

Yefet Delicatessen is Jaffa's only artisanal culinary concept store.

A gourmet journey through the Middle East, sample aromatic Arabic coffee; freshly-baked loaves of rye bread and sourdough; home-grown olives; goat's cheese produced by local farms; and an assortment of regional wines.

Sit at a street-side table and observe the neighbouring market vendors over a glass of homemade arak. Or brighten up

your living space with a seasonal flower arrangement made at the florist corner.

A sumptuous selection of gifts is displayed throughout the store. Whether oversized terracotta pots; bespoke chocolates; organic honey; scented candles and olive oils; or a set of linen serviettes in muted colours, there is something for every occasion.

Or, if you're entertaining at home, indulge in an organic cheesecake, made daily on-site, and serve with walnut-stuffed dates and lavender tea.

Family-owned and run, Yefet is intimate, authentic, and locally styled. Each item has been carefully selected and presented to reflect the origins of its natural environment.

A warm welcome awaits with the hospitality for which Jaffa is renowned. Visit on a Friday, and enjoy complimentary wine, cheese, and charcuterie tastings, for inspiration on stocking your kitchen with irresistible treats for the weekend.
