# September 4: Falls prevention

CenterWell Home Health® clinicians play a key role in helping patients stay safe on their feet and regain their independence. From identifying the root causes of balance issues and conducting home safety assessments to teaching strength-building exercises, our dedicated nurses and therapists work closely with patients to reduce their fall risk and build confidence.

# September 10: Flu Shot Reminder

Flu season is here, and prevention starts with us. At CenterWell®, our physicians and care teams work hard to protect our patients with proactive care—which also helps keep the wider community healthy. From reminding patients to get their flu shots and educating them on symptoms to providing support during recovery, we put preventive care into action every day.
