The Humana Foundation, the philanthropic arm of Humana Inc., works to break down barriers to health. We believe equity is more than a goal. It's a practice to be woven into everything we do, including:

- ☐ Funding research that reflects the voices of the communities we serve
- ☐ Working with nonprofits, schools, clinics and research partners to meet people where they are with care and cultural relevance
- ☐ Empowering communities to not just partner with us, but take the lead in building healthier, more connected lives for all

A warm meal, a safe conversation, a ride to an appointment. Small interventions led with compassion add up to lasting change.
