## THE BASE-ICS

Great W-day make-up begins with a well-primed base. The Perk treatments at the Dr Rakus Clinic in Knightsbridge target different facial areas (eyes, lips, skin), gently exfoliating and locking in moisture using serums that are loaded with antioxidants. We tried out the eye and lip treatments – in just 10 minutes, our skin felt SO soft and our make-up glided on.

## YOU GLOW, GIRL!

ELEMIS have proved the theory of 'bad things come in threes' wrong with their simple three-step glow collection! Whether you need to hydrate, soothe, smooth, balance or nourish, there's a trio just for you.

## YOUR SKIN, ONLY BETTER!

Searching for a foundation that'll match your skintone and cover imperfections, without that 'caked' effect? Choose a light, buildable product that'll keep your look natural, yet flawless and glowing.
