

Icy wind bites through Lei's thin shirt as she climbs the steep, mountain path to school today. She's the first in her family to go to school, and her parents are so proud! But most days, Lei wishes she could stay in her mud home, sitting on the dirt floor around a cozy fire.

When she gets to school, Lei knows there will be no heating in her classroom.

She will shiver with her classmates through reading, writing and arithmetic. She will try to forget how cold she is. She will try to learn.

But the vicious cold will not let go. Unless you wrap your arms around her.
