“There was no grudge, there was no pain...
BECAUSE GOD HEALED ME! — LIBIA

Friend, we've been waiting three months to share this story with you — and it has been killing us! It's just such a perfect example of how God uses you to work in people's lives.

Earlier this year, we met up with divorced couple Libia and Julio. Just last year, they were in the midst of a five-year feud.

They wouldn't speak to each other.

They wouldn't even be in the same room.

Their only connection was their adult son and whatever updates he gave them.

But then friends like you brought them the hope of Christ. Friend, you planted a church in their community. You counseled them through their pain. And now... well, you've just got to read their story for yourself!

[Read Libia and Julio's story here.](#) And watch your inbox next week for a special video about the church you helped plant!
