What is Care Connect?

Care Connect by **Allies for Allies** helps families find trusted, specialized caregivers with experience supporting individuals with Autism, intellectual and developmental disabilities [IDD], rare disease, and other complex support needs.

Families can post care needs, review caregiver profiles, and connect directly with caregivers.

What Makes Care Connect Different?

- **Background Checks Covered:** All caregiver background checks are covered by Allies for Allies.
- **Specialized Care Experience:** Caregivers experienced in supporting individuals with IDD, Autism, rare diseases, and complex care needs.
- **Built for Complex Care Needs:** Search and filter caregivers by experience with specific diagnoses, communication styles, sensory needs, and more to find the perfect match.
- **Flexible Support for Every Need & Stage of Life:** From occasional care to full-time companionship, find the level and frequency of care you need.
- **Financial Assistance Program:** We support families caring for Remarkable Humans who are on waitlists for services or need additional care hours

Our goal is to help ensure families have access to the care they need.
