

# Sweetheart Spa Kit

*A Fun and Romantic Alternative  
to Chocolate or Flowers!*

*P*oets throughout the ages have written about the beauty and glory of love. The Sweetheart Spa is an all-in-one kit that whispers those three magic words: I LOVE YOU. This affordable and easy to use kit lets the woman in your life forget the worries of the day and relax in a luxurious spa experience. The effervescent action of Bath Fizz generates bubbles bursting with love. Your special sweetheart can relax with a bath pillow fashioned after sensuous lips while she's enveloped in the comfort of a scented bubble bath. The heart-shaped loofah is a great exfoliator and the milk bath contains emollients to leave skin feeling silky smooth. What better means of showing affection is there than a light and romantic massage? Our massage oil is non-greasy and lightly scented. The Sweetheart Spa makes a great gift for Valentine's Day, birthdays, anniversaries, and other special moments to remember. It is available in the fragrances of Victorian Rose, Lavender and Vanilla or choose our rich scent of White Chocolate and your sweetheart will enjoy a zero-fat and zero-calorie chocolate experience. This year, give a romantic gift that can be used for months and that she's sure to remember.
