Our different backgrounds and experiences build relationships of unity and support for one another. Each Goddess is received fully, and with beauty, for the EXTRAORDINARY being, she is and is becoming.

- **Excellence** – is woven into the fabric of our beings as Goddesses of the League. We conduct ourselves in excellence in all that we do, seeking ways to improve how we show up in our words and actions.
- **Tenacity** – is our approach through various challenges. We understand that we can be in tune with the solutions 'flow and power, rather than pushing or forcing through obstacles. Our persistence and determination come from a space of vulnerable courage as we open ourselves up to expansion.
- **Growth** – is our desire to pursue and nurture ourselves mentally, physically, and spiritually. This ensures that we can BE the best versions of ourselves, that we may be rooted in gratitude, expressed in service, and our unity reflected with one another.
- **Radical Ownership** – is the actions and outcomes that each of us accepts with full responsibility and grace. We place value on resources, talents, and/ or shared experiences that are entrusted to us within the League. We own our commitments and exceed expectations.
- **Extreme Integrity** – is our highest ethical behavior level, as evidenced by honesty and dignity in our personal and professional relationships and responsibilities. Living at this level of integrity affords each of the Goddesses the spaciousness to BE and to enjoy this beautiful experience we are sharing with one another.
- **Gratitude** – is our approach to each conversation and all of our communication. Our attitude of gratitude assists the League of Goddesses in staying aligned with our goals and creating a space of inclusion.
