

OUTDOOR MATERIALS MATTER

Durable, resilient, low maintenance... Meet the all-weather wonders of outdoor season - in textures, silhouettes, and colors that go hard - hard with outdoor life.

TEAK

Why to Love Teak

Dense and oil-rich, teak naturally repels water and pests to prevent rot, mold, and staining. A bonus? The wood's honeycomb weathers into a beautiful silvery-gray patina.

PLASTICS

Why to Love Plastics

Innovative plastics like HDPE (high-density polyethylene) are designed to be lightweight pieces that are particularly resistant - and practically impervious - to sunlight and heat.
