

OUTDOOR MATERIALS MATTER

Meet the all-weather winners of alfresco season – in timeless designs that outlast it.

EASY-KEEP TEAK

The dense, oil-rich wood repels water and pests. (No wonder it's often used for boat decks.)

[SHOP TEAK](#)

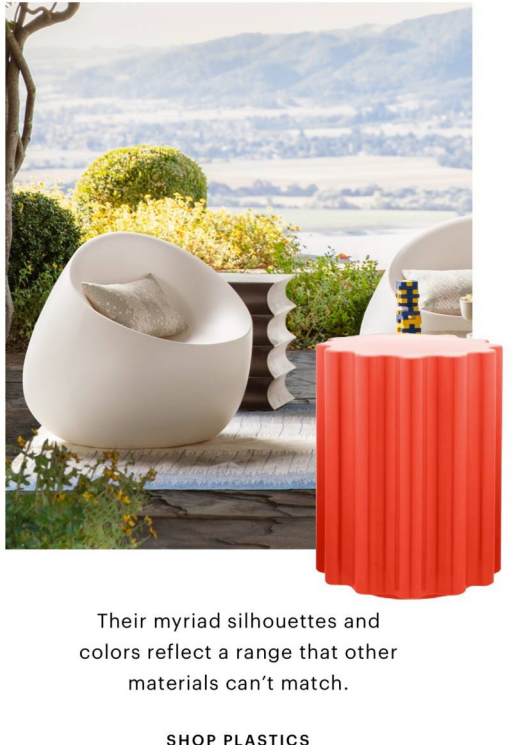

WORRY-FREE WOVENS

Knot for knot, they imbue spaces with organic texture that can take the heat – and rain.

PRACTICAL PLASTICS

Their myriad silhouettes and colors reflect a range that other materials can't match.

STURDY STONE

From cast concrete to carved marble, stone bridges the gap between strong and sculptural.
