

IN THE STUDIO WITH

Poltrona Frau

Explore the process behind the Chester Chair, an iconic offering of the Italian brand – and a benchmark of quality handcraft the world over.

[DISCOVER POLTRONA FRAU](#)

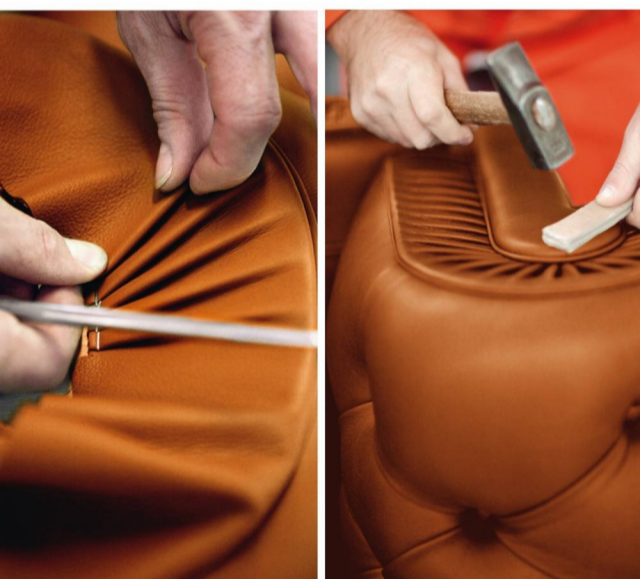

The finest full-grain Italian leather.

Experts guide leather through an exclusive 21-step preparation process. Softness, beauty, and durability are the result.

A lifetime of comfort.

Seasoned beechwood and hand-tied steel springs are a sturdy framework for down-filled cushions. (Nota bene: The design is also offered as a loveseat.)

The epitome of handmade.

Painstakingly performed by hand, the capitonné (read: button tufting) and pleating enliven Poltrona Frau's signature leather like paint to canvas.

Extraordinary fact you (probably) didn't know.

The chair has been in production since 1912, when brand founder Lorenzo "Renzo" Frau put his spin on Chesterfield – then England's hot, new furniture style.
