## Modern qualifications and resources for globally minded learners aged 3–19

Pearson is the world's leading learning company. We provide world-class qualifications, assessment, digital content and learning experiences to international schools all over the world to enable more effective teaching and learning.

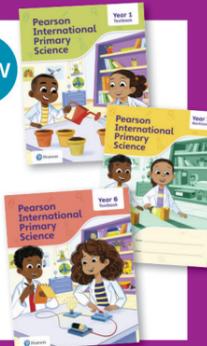

Our mission is to help students realise their potential through learning.

This is what inspires the development of all Pearson products and services.

## What's new

### Pearson International Primary Science New

Our brand-new 5-11 primary science course is fully matched to Pearson Edexcel iPrimary Science Curriculum - and closely aligned to the skills of the English National Curriculum (ENC).

### Pearson Edexcel Mocks Service

As part of their exam preparation, students can sit an International GCSE English and Maths past paper onscreen and have it marked by our expert marking team.

### International GCSE Teaching Hubs New

Spend less time planning and more teaching with our brand-new International GCSE Teaching Hubs, providing you with everything you need to deliver successful lessons.

### IB DP Sciences New

New editions of our popular Biology, Chemistry and Physics student books, developed in cooperation with the IB - available in Standard Level and Higher Level editions.
