

It's the Mintiest Time of the Year 🎅

Hi folks,

As we approach the holidays full steam ahead, let the smell of cinnamon, hot cocoa, and baking fill the air.

We can help with that! Our special holiday products are back in stock. Candles, hot cocoa, gift sets - you're gonna love all of it.

Plus, our peppermint oil really shines this time of year ✨

For those who opt for a live Christmas tree, you can add a few drops of peppermint oil in the water base. The oil will stay on top and won't hurt the tree, diffusing into the air with a delightful scent of pine and peppermint 🌲

You can also spray peppermint mist into your house vents to make your whole house smell like holiday spirit!

Check out our products below to get ahead on some Christmas shopping (even if it's just a little gift for yourself).
