

GI JOE

Combat Heroes

And you thought your ex was tough

She's got nothing on these girls. Just as tall as their teammates, and twice as dangerous when they're mad. In fact, you might want to avoid making eye contact, too — just to be on the safe side. The all-new COMBAT HEROES™ collection of detailed, highly stylized action figures. Small in stature, big on attitude.

Figures sold separately, in single packs and pairs. Product and colors may vary.
