Reminiscing on the Ranch

Trinity offers a free, non-clinical program for participants with Alzheimer's and other Dementias to spend their time in an enjoyable way that is both stimulating and healing. This program creates opportunities for both participants and their caregivers to build new connections with their peers, and learn about horses in a compassionate environment. If you or a loved one are interested in participating in our June or September series, please reach out to equineservices@trinity-ec.com for enrollment OR volunteer info!

Veteran Wellness Program

Our Veterans program provides free equine-assisted therapy to help our service men and women manage their physical, mental, and spiritual well-being. We also serve these Veterans' family members, because we know a healthy family unit is the beginning of a healthy community.

Sponsor-A-Horse Program

From nutritional needs to veterinary care, your support provides a level of care for our horses that keeps them sound, balanced, happy, and eager to serve.
