High-Quality TV Sound at Your Fingertips

MODEL M1 radically improves your TV viewing experience. Its compact design is small enough to sit unobtrusively on or in furniture. Thanks to its eARC HDMI connector and onboard Dolby Digital+ decoding, it delivers effortless usability and high-quality sound from your favorite TV shows and movies. Plus, a wide range of useful audio adjustments provides an optimized listening experience, whatever and whenever you are watching.

MODEL M4 Distribution Done Differently

MODEL M4 is an innovative and intelligent take on traditional distribution amplifier designs. With 100W per channel and no decrease in power even with all channels driven, MODEL M4 delivers superb Marantz sound throughout your home and gives you control over four zones with four independent HEOS streams.
