

MODERATION FOR LYBRA FINANCE

@allwell Vesting is simply locking tokens for a particular period of time to be released later

You're welcome fren!

@allwell Nehh.. it's still better that you migrated early

Why?

@Sifu Why?

allwell Today at 3:34 PM

According to **@simpler**, the coexistence of old and new LBR tokens would have some side effects... So the people migrate earlier, the better for the protocol as a whole
