SUBJECT: Galen Continues Westward Expansion: Introducing Our Las Vegas Campus!

COPY:

Dear Students, Faculty, and Staff –

We are thrilled to share another exciting milestone in Galen's journey. As we continue to expand our footprint across the United States, we are delighted to announce our newest campus in Las Vegas, Nevada!

Our Las Vegas campus will extend our commitment to providing high-quality nursing education in the West. We are initially launching with a 2-Year Associate Degree of Nursing (ADN) program and a 3-Year Bachelor of Science in Nursing (BSN) program. This continues our mission to make nursing education accessible and enriching.

We know you're as eager as we are to kick-start this new venture. The term start dates for both the ADN and BSN programs will be announced soon, and we assure you that we'll keep you updated every step of the way.

The journey of bringing a new campus to life is a testament to the dedication and hard work of the Galen community. We share our deepest gratitude to each one of you for your contributions and commitment to excellence in nursing education.

More information about the Las Vegas campus will be available soon. In the meantime, for any additional inquiries, please visit our website. Here's to embarking on this exciting new chapter together!
