#### **Concept: Introduction to Simulation at Galen**

##### **What Makes Galen Stand Out in Nursing Education?**

Find out how Galen is revolutionizing nursing education through simulation-based learning! Our programs offer real-world scenarios for hands-on practice.

[Link Healthcare Sim Week Article]

#### **Concept: Safety First**

##### **Make Mistakes Without Risk!**

At Galen, we believe that mistakes are part of the learning process. Our simulation labs provide a safe environment for students to practice without the risk to patients.

[Link Healthcare Sim Week Article]

#### **Concept: Psychological Safety**

##### **We Care About Your Emotional Well-being**

Psychological safety is paramount in our simulation experiences. Learn how we ensure our students feel secure and supported throughout their learning journey.

[Link Healthcare Sim Week Article]

#### **Concept: Cutting-Edge Technology**

##### **Stay Ahead With the Latest Technologies**

At Galen, our simulation labs are constantly updated to reflect real-world clinical settings. Get trained on the latest healthcare technologies!

[Link Healthcare Sim Week Article]

#### **Concept: Debriefing & Feedback**

##### **Feedback that Fosters Growth**

Every simulation experience ends with a detailed debriefing, helping students reflect and grow. See why our approach to feedback sets us apart.

### **Concept 2: Safe Learning Environment**

#### **Prioritizing Safety in Nursing Education**

Our simulation centers offer students the opportunity to learn from mistakes without any risk to patients. Discover how we're setting new standards in nursing education.

[Link Healthcare Sim Week Article]

### **Concept 3: Technology in Healthcare**

#### **Stay Current with Cutting-Edge Simulation Technologies**

We pride ourselves on offering state-of-the-art simulation labs that are maintained to reflect current healthcare technologies.

[Link Healthcare Sim Week Article]

### **Concept: Employee Development**

#### **Investing in Our Educators: The Backbone of Simulation Learning**

Our faculty and staff receive specialized training to provide the best in simulation-based nursing education.

[Link Healthcare Sim Week Article]

### **Concept: Long-Term Goals**

#### **Setting Sights on the Future: Galen College's Long-term Goals for Simulation**

Discover our long-term goals to provide consistent, high-quality simulation experiences across all our campuses.

### **Concept: Introduction to Simulation**

Revolutionizing #NursingEducation through simulation-based learning at Galen College!

[Link Healthcare Sim Week Article]

### **Concept: Safety in Learning**

Mistakes are lessons in disguise. Our simulation labs provide a safe space for growth!

[Link Healthcare Sim Week Article]

### **Concept: Psychological Safety**

Your emotional well-being matters to us. That's why psychological safety is a cornerstone of our

[Link Healthcare Sim Week Article]

### **Concept: Cutting-Edge Tech**

Training on the latest healthcare tech is just another day at Galen's state-of-the-art simulation labs.

[Link Healthcare Sim Week Article]

## **Concept: Feedback and Improvement**

Effective debriefing and student feedback make our #SimulationLearning second to none.

## **Instagram and other Socials for posts of Pics Hope sent**

### **Mannequins as Burn Victims**

Turning the heat up on nursing education. Our simulation lab prepares future nurses for even the most critical of situations.

Bridging the gap between theory and practice, one simulation at a time.

Learn by doing. Experience is the greatest teacher, especially in the fast-paced world of burn care.

### **Triage Simulation**

Mastering the art of quick thinking and faster action. Our triage simulation teaches the skills that save lives.

Every second counts. Triage simulations that are as close to the real thing as it gets.

Triage training today for a safer tomorrow. Making decisions under pressure is what we train for.

### **Labor and Delivery Simulation**

Delivering excellence in nursing education. Our Labor and Delivery simulation gives students the hands-on experience they need.

Welcome to the world, little one! Practicing the miracle of life in a controlled environment.

From simulation to real-life miracles. Preparing our students for the journey of labor and delivery.

### **Debriefing Meetings**

Reflection is key. Our debriefing sessions ensure every simulation is a learning opportunity.

It's not just about doing; it's about understanding why. Our debriefing sessions are where the real learning happens.

Debriefing today for a more knowledgeable tomorrow. Unlocking the power of reflection post-simulation.

### **General Simulation Equipment**

Real-world equipment for simulated scenarios. Our labs are equipped with the latest tech to prepare our students for any situation.

Cutting-edge tech meets cutting-edge education. Welcome to the future of nursing.

The best preparation for tomorrow is doing your best today. Our simulation lab is a stepping stone to real-world success.
