

# Are you prepared for the unexpected?

# When a disaster strikes, **we've got you covered.**

**Mail-Gard®**, a division of IWCO, keeps your critical communications running in the event of anything getting between you and your customers.

With Mail-Gard's Disaster Recovery experts, you can create a disaster plan to back up statements, loyalty mailing, and other important documents. That way, your business mail can continue uninterrupted when Mother Nature or other disruptions threaten your most vital communications.

**PROTECTING  
SINCE 1996**

**Our critical communications business continuity, disaster recovery, and print-to-mail outsourcing services have protected Fortune 1000 companies, local industries, and state and federal customers from serious business interruptions since 1996.**

## The right plan if things go wrong

We offer a broad range of technical solutions and have seasoned, experienced employees with the knowledge to replicate your print-to-mail requirements. And no one can beat our 100% success rate for declaration support.

### **Dedicated to Disaster Recovery**

Mail-Gard is the only print provider to offer a truly dedicated disaster response service, keeping your critical communications running.

1

2

### **Three Redundant Locations**

Our three locations give us both the redundancy and capacity to handle any need.

- Chanhassen, MN
- Hamburg, PA
- Warminster, PA

3

### **Hyper-Responsive, On-Demand Printing**

Our experienced team, some with over 20 years on staff, can start production 8-12 hours after a disaster declaration.

4

### **Maximum Flexibility**

Our diverse range of equipment can handle your full range of printing needs, and we invest in new equipment on an ongoing basis.

## Designed for your unique printing needs

A pioneer in print-to-mail disaster recovery services, Mail-Gard maintained a fully secure, dedicated recovery facility. Our Proof-of-Concept testing ensures your satisfaction before you sign a contract. And our ongoing/annual testing ensures your recovery plan is always current and reflective of changes to your print-to-mail environment.

Mail-Gard never limits when or why you can declare a disaster. Whether it's a natural disaster, an operational recovery due to downed equipment, employee work stoppage, utility failure, or even a scheduled equipment update, call our hotline for immediate support.

# MailGard® Print-to-Mail Disaster Recovery
