

READY TO SUCCEED: PROJECT DORM ROOM DONOR PROPOSAL

OBJECTIVE

Ready To Succeed is seeking to raise \$300,000 for Project Dorm Room (PDR) as well as to raise awareness for (RTS) in general and the importance of investing in transition-age foster youth.

PROBLEM

Only 10% of former foster youth will go to college and only 3% will graduate. Many future students who are fortunate enough to attend college are doing so without support from loved ones or the dorm room essentials they need.

SOLUTIONS

With assistance from sponsors like you, we can provide the necessary dorm room essentials that will put these transition-age youth on the path to success. If your organization could provide donations in the form of bedding, electronics, beauty supplies, or monetary contributions, that would make a major impact on the lives of these former foster youth and first-generation college students for years to come.

CONCLUSION

The youth are our future. By clearing their paths to success one dorm room at a time, we are allowing them to unlock their full potential to learn, dream, and innovate. All we need is support from donors like you! Will you help us to light the way for these future leaders of tomorrow?
