BOARDING PASS

BOGOTÁ'S LA CANDELARIA

BOG

Cosmopolitan culture meets colonial architecture in Colombia's vibrant capital. Opt to stay at the charming **Hotel Muisca**, which is nestled in the cobblestone neighborhood of La Candelaria. Head to **La Puerta Falsa** for authentic Colombian arepas before exploring the main square, **Plaza de Bolívar**, framed by Monserrate mountain in the background. There, **Catedral Primada de Colombia**—Bogotá's largest cathedral—houses the tomb of the city's founder, Gonzalo Jiménez de Quesada. Grab lunch at **Prudencia** and choose from a prix fixe menu that changes weekly, then shop at the nearby **Céfiro Tejido** for handmade clothes and jewelry by artist Lik Mi. Venture back to home base in the evening to take in the city lights on the hotel's rooftop terrace.
