### It's a gift!

Did you think I was kidding when I said I'd be sending gifts every week? I wasn't.

GSM is sharing the California love all holiday season long - and, starting today, sending out a \*free\* limited edition [Golden Sage Market x Super #1 California Love Tote](#)\* with every online order.

You get a tote bag! You get a tote bag!

A single serving of California love? It's in the bag.

Remember, more weekly holiday gifts are headed your way.

**Grab your free tote**

Happy gifting!
