

# New back-to-school projects for your youth program

## Dear Program Leader,

USDA has **NEW** educator tools for school clubs, afterschool programs, and youth organizations like yours.

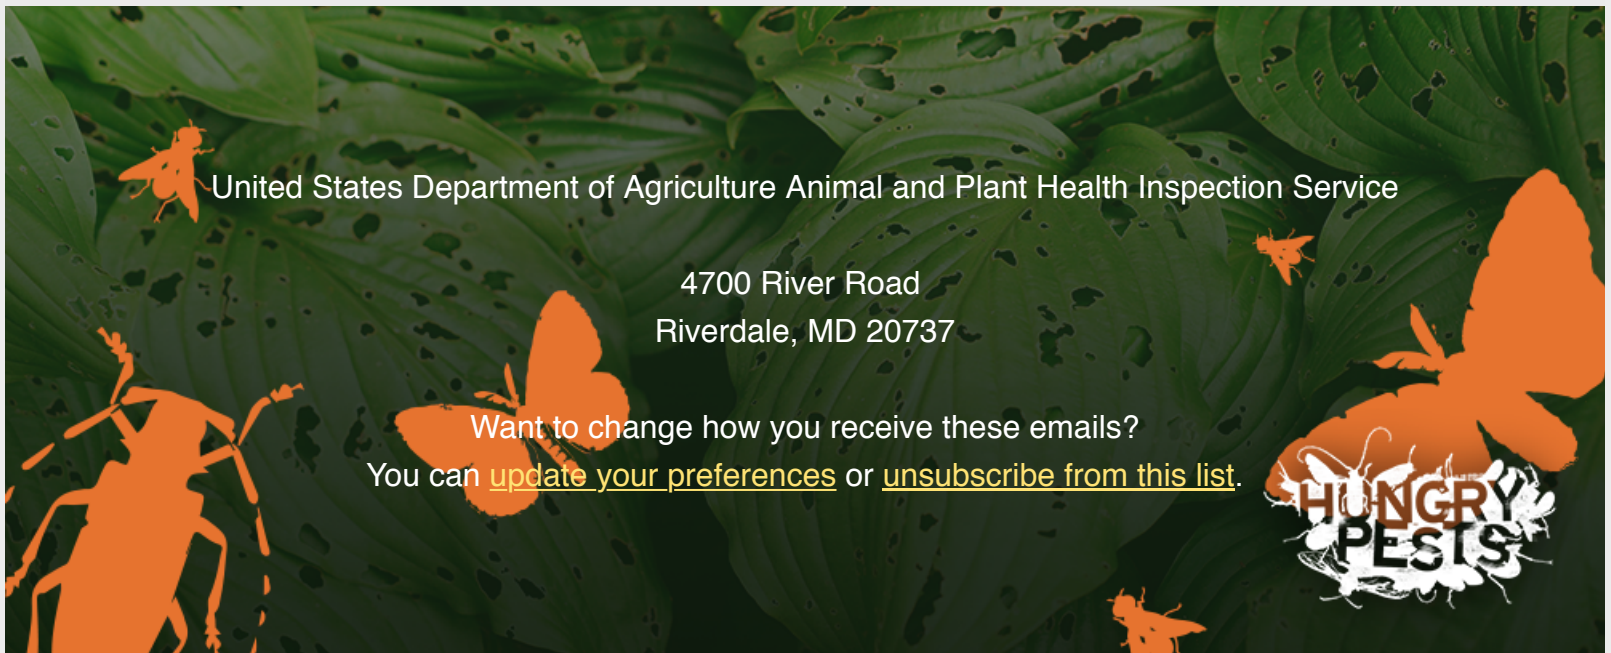

The free [Leave Hungry Pests Behind](#) service learning curriculum combines informative lessons with real-world action projects. You can use it to get youth involved with their communities and the environment. In this curriculum, you'll find:

- Three indoor/outdoor workshops that raise awareness about the threat of invasive pests
- Hands-on action projects that promote youth leadership through community service
- Customized activities for grades K-5, 6-8, and 9-12
- Opportunities to learn about exciting career paths in science and technology
- The chance to join USDA in the

Download these and other **free** resources to use in your afterschool or youth program today!
