

PLURALSIGHT

NAVIGATE

OCTOBER 17 – 19, 2023 // SLC, UT

REFACTOR THE FUTURE

Close critical skills gaps. Deliver better products to customers, faster. Stay ahead of today's tech trends. Harness the power of generative AI to keep your competitive edge.

If you or your tech team is tasked with one (or all) of these, you need to catch up on what you missed at this year's Pluralsight Navigate. At this exclusive executive event, tech leaders and innovators mapped out strategies to develop the AI experts and tech gurus they need to deliver on objectives this year and beyond.

View keynotes

Tech leaders face the headwinds of a tough economy, a complicated talent market, and constant pressure to stay competitive. Tune in to learn how leading organizations invest in their workforce to drive innovation and how Pluralsight is evolving to meet customer needs—from powerful partnerships to groundbreaking product advancements.
