

## What's happening at Taylor & Francis *Updates just for you.*

**Taylor & Francis Group** works in partnership with editors, societies, associations, and librarians to publish **over 2,250 journals** delivering crucial research in the fields of social science, humanities, science, technology, and medicine. Our journals are available in a range of different packages.

### What's New

#### SSH PORTFOLIO

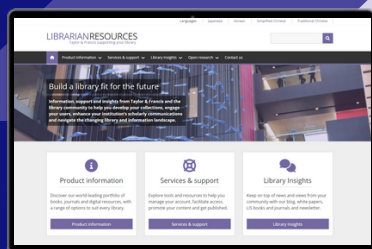

- Clarivate will give Impact Factors to the journals that are currently indexed in AHCI/ESCI

#### PLATFORM UPDATES

- Accessibility enhancements
- Backstage performance and efficiency gains to 'Download PDFs' and collections
- In support of our company values on diversity and inclusion, the gender-neutral 'Mx' honorific has been added as a title value in the TFO account details screen, and is available as an optional title for our users who do not identify as being of a particular gender, or who don't want to be identified by gender.

#### NEW JOURNAL

- Incoming of Molecular and Cellular Biology
