

Verint Fusion Storyboard V3

<p>GFX:</p> <p style="text-align: center;">In more than 180 countries</p> <p style="text-align: center;">80 percent of the Fortune 100</p>  <p><i>Visual story of the world waking up, people/ technology monitoring for safety in transportation, utilities, public places, etc. The visuals will connect people's everyday lives to the technology that's keeping them safe. Lots of action in the shots.</i></p> <p><i>After this opening sequence, will go into sequences that are more colorized and stylized to match the Verint colors - blues/greens</i></p>	<p>Every day More than 10,000 organizations In more than 180 countries Including 80 percent of the Fortune 100</p> <p>Trust their security solutions to Verint</p>
 <p><i>From last image, transition from people with "technology overlay" to a more digital treatment, below.</i></p>	<p>Building better business in a safer world</p>

Verint Fusion Storyboard V3

ACTIONABLE INTELLIGENCE

Concept uber high-tech sequence with overlays

Verint provides ACTIONABLE INTELLIGENCE that helps organizations capture, analyze and act on large volumes of complex data from a multitude of sources.

Verint Fusion Storyboard V3

BRANDED section - Use the Verint blue/green color palette below for photos and horizontal movement of images. Images will slide like "panels" mixed with right to left dolly shots from stock images. Mix in images from SMC platform.

(have this swish in from the left-hand side– more movement than the others) powered by NEXTIVA FUSION

NEXTIVA FUSION™

Pantone (PMS) Match Colors

As a global provider of situation and intelligence-driven security solutions,
