Important plan information

We're all ready to get back to the things we love.

If you haven't received a COVID-19 vaccine, getting yours can help us move one step closer to ending this pandemic—so we can protect ourselves and our communities.

The COVID-19 vaccine is free, safe and effective. It doesn't contain COVID-19, and it can't give COVID-19 to you.

If you or someone you know needs assistance getting a vaccine, we're here to help. Just give us a call at the number on the back of your member ID card.
