

NEW FIREPLACE VISUALIZER
CREATE YOUR OWN CUSTOM FIREPLACE

In our new 3-D Fireplace Visualizer, you are able to design your own custom fireplace setting. Choose your shape, fireplace unit, facing, hearth, mantel, and even sizing. You can also add your own picture in as the background to see what the fireplace would look like in your home. You can then export the project or even print it out for us to use. To create your own custom fireplace project, go to coalwayohio.com/visualizer.

- Our professionals will walk you through the design process and price the entire package for you.
- We will then give you a visual of the setting, helping you choose options including; shape, hearth, facing, insert, and mantel.
- With such an extensive selection of units displayed throughout our fireplace showroom, we are confident you will find the one right for you.

BRINGING THE FIRE INTO YOUR LIFE

Whether you have an existing house in which you would like to add a high end fireplace setting, or if you are building a new house with a fireplace, Coalway can help.

Step 1: Envision your setting

Put some thought into how you would like your fireplace setting to look in your home.

Step 2: Choose fuel type

Would you prefer wood, gas, propane, or electric to power your unit?

Step 3: Customize fireplace

Choose from endless options for facing materials, mantels, and hearths. This includes; brick, stone, tile, shiplap, beams, sandstone, steel, and more.

Step 4: We turn your idea into a plan

Starting with an in-home consultation, we will then take your idea to the drawing board and create a blueprint design.

Step 5: Sit back and allow the install crew to finish the job

With friendly professionalism and years of experience, our install crew will handle the construction, installation, and finish detail, all while staying mindful of your surrounding living space.
